Subject: [STAFF] COVID Updates

Good evening everyone,

A few bullet points from today.

1. We have two new tools available to the public for COVID-19 information.
 - a. An online screening tool can be accessed by visiting: <https://pulaski-c19.smartexam.com/> or by visiting www.pmhnet.com
 - b. A Hotline has been set up for the public to call – that phone number is (574) 946-2568
 - i. A Nurse Practitioner will staff the Hotline from 8:00 AM – 8:00 PM, Monday – Friday, and from 8:00 AM – 4:00 PM, Saturday and Sunday. After hours the number will ring into ER.
 - c. Both tools are available 24-hours a day and are meant to provide information and to begin the screening process before a patient presents to one of our clinics or the hospital.
 - d. These tools have been advertised on Facebook, so I would appreciate it if you can share the post when you see it.
2. Based on associate feedback, we are developing a daily dashboard that will update staff on the status levels for:
 - a. PPE
 - b. Staffing
 - c. Supplies
 - d. Testing
3. We are also working on coming up with a centralized allocation area for PPEs. Once that has been decided and set up, we will notify the staff.
4. As a reminder, if you are ill, become ill at work, or if you are tested for COVID-19 at another facility, is it necessary that you notify your supervisor and/or Vicki White, Associate Health Nurse immediately.
